

CNC CMM TRADE-IN TRADE-UP PROGRAM

LIMITED TIME OFFER

To help the thousands of operators using legacy CMMs, we are pleased to offer a U.S.-based trade-in program. When you trade in your current CMM and purchase a new Mitutoyo CNC CMM, you will receive the latest technology, ensuring reliable uptime, lower maintenance costs, improved accuracies, faster machine speeds and the latest digital technologies.

Trade in your current CMM for a new Mitutoyo CNC CMM and receive:

- 4 Machine removal
- 4 New sensor technology
- 4 Complimentary stylus and fixture kit
- 4 Years of worry-free inspection with free calibrations and extended warranty
- 4 SPC data management software included
- 4 Free metrology course
- 4 5 years of technical phone support
- 4 Mitutoyo CMMs offer 5-axis scanning and 1-click programming

Eligible CNC trade-in models:

- 4 BN/BHN 300/500/700
- 4 BN/BHN 1000 series and larger
- 4 Bright/Bright-Apex 500/700/900
- 4 Bright/Bright-Apex 1200 and larger
- 4 CHN 1200/1600/2000
- 4 KN 800
- 4 Non-Mitutoyo brands of various sizes will also be considered
